Here's a problem it would seem tractable to solve by working together: who are the people below?

The problem is indeed no longer open and was solved at the workshop (e.g., see [1]).

Pictured in each row, from left to right, and from front to back, are:

Row 1: Martin Derka, Richard Beal, Alejandro Erickson, Tetsuo Asano, Pavol Hell, Mathias Weller, Ross Churchley, Peter Lam, Jing Huang, China Venkaiah Vadlamudi, Subramanian Arumugam, Bill Smyth;

Row 2: Fran Rosamond, Michael Fellows, Sue Whitesides, Tomas Valla, Jyrki Katajainen, Sebastian Boecker, Ladislav Stacho, Venkatesh Srinivasan, Donald Adjeroh, Wendy Myrvold;

Row 3: Avraham Trahtman, Julio Araujo, Maria Tamayo, Bernd Zey, Tamon Stephen, Rebecca van Grootheest , Russell Campbell, Frank Ruskey, Marsha Minchenko, Rahnuma Nishat, Debajyoti Mondal, Jared Gaertner; and

Row 4: Brent Heeringa, Petr Skoda, Gautam Sisodia, Emilio Di Giacomo , Jenni Woodcock, Chris Thachuk, Aaron Williams, Khalegh Ahmadi.
